

Airworthiness Directive Schedule

Engines

Mikron III Series

28 January 2016

- Notes**
1. This AD schedule is applicable to Mikron III series engines manufactured by Parma-Technik s.r.o., Aerotechnik o.s., and Walter a.s. under Czech Republic Type Certificate Nr. 92-05.
 2. The European Aviation Safety Agency (EASA) is the National Airworthiness Authority (NAA) responsible for the issue of State of Design Airworthiness Directives (ADs) for these engines. State of Design ADs applicable to these engines can be obtained directly from the EASA web site. The link to the EASA web site is available on the CAA web site at http://www.caa.govt.nz/Airworthiness_Directives/states_of_design.html
 3. The date above indicates the amendment date of this schedule.
 4. New or amended ADs are shown with an asterisk *
