

// MARLBOROUGH FROST PROTECTION

This is a heads-up to helicopter pilots that frost protection procedures in Marlborough are no longer being promulgated by Supplement.

Density of traffic has reduced and the need for special procedures no longer exists.

Normal business-as-usual control zone requirements are to be complied with.

HOW TO GET AVIATION PUBLICATIONS

AIP New Zealand

Pilot and aircraft logbooks

These can be purchased from your training organisation, or 0800 GET RULES (0800 438 785).

Rules, advisory circulars, airworthiness directives

These are available free from the CAA website. Printed copies can be purchased from 0800 GET RULES (0800 438 785).

PLANNING AN AVIATION EVENT?

If you are planning any aviation event, the details should be published in an AIP Supplement to warn pilots of the activity. For Supplement requests, email aero@caa.govt.nz.

To allow for processing, the CAA needs to be notified **at least one week** before the Aeropath published cut-off date.

Applying to the CAA for an aviation event under Part 91 does not include applying for temporary airspace or an AIP Supplement – the two applications must be made separately. For further information on aviation events, see AC91-1.

For more info, visit www.caa.govt.nz "Aviation Info > General Aviation > Aviation Events".
