RULE OBJECTIVE, EXTENT OF CONSULTATION AND COMMENCEMENT

The objective of Amendment No. 1 to Part 171 of the Civil Aviation Rules is to amend the Part to harmonise with structural changes made to all of the rules Parts that certificate organisations and to better reflect the procedural requirements of the Civil Aviation Act 1990.

In May 1990 the Air Transport Division of the Ministry of Transport published a notice of intention to carry out a complete review of the aviation regulatory system. This notice, in Civil Aviation Information Circular Air 3, listed the areas in which rules would be made and invited interested parties to register their wish to be part of the consultative process. The Register was identified as the Regulatory Review Consultative Group.

A draft of the amendment to Part 171 was developed by the rules rewrite team in consultation with members of the consultative group. A Notice of Proposed Rulemaking was issued under Docket 1160 on 3 May 1995.

The publication of this notice was advertised in the daily newspapers in the five main provincial centres on 4 May 1995. The notice was mailed to members of the Regulatory Review Consultative Group and to other parties, including overseas Aviation Authorities and organisations, who were considered likely to have an interest in the proposal.

A period of 30 days was allowed for comment on the proposed rule.

The submissions were considered and where appropriate the proposed rules amended to take account of the comments made.

The rules as amended were then referred to and signed by the Minister of Transport.

Part 171, Amendment No. 1 comes into force 28 days after notification in the Gazette.
