

**ICAO AVIATION SECURITY TRAINING CENTRE  
AUCKLAND  
NEW ZEALAND**

**Invitation to attend National Civil Aviation Security Quality Control Programme Workshop  
9 – 13 October 2023**

The Auckland ICAO Aviation Security Training Centre (ASTC) has scheduled the regional National Civil Aviation Security (AVSEC) Quality Control Programme Workshop to be held over the dates of 9 – 13 October 2023. Please refer to the separate Workshop Bulletin for detailed information about the course administration, hotel accommodation etc.

The Auckland ICAO ASTC, as one of the ICAO Aviation Security Training Centres within the APAC region, has a fundamental role to play in assisting States within the APAC region in strengthening their capacity building efforts and enhancing their capability to implement International Standards and Recommended Practices and remedying aviation security deficiencies.

This National AVSEC Quality Control Programme Workshop is a five (5) day workshop and will be conducted in English. All participants should be fluent in English language as there are no translation or interpretation facilities.

**Workshop Objectives:**

The major objectives of the National AVSEC Quality Control Programme Workshop are to:

- Assist States in remedying Annex 17 deficiencies
- Enable aviation security management personnel to develop effective aviation security quality control measures in order to implement ICAO Standards and Recommended Practices, security elements of other Annexes and any additional security measures required by the State
- Assist in the development of documentation and implementation methodology
- Assist in the maintenance of appropriate oversight and internal quality assurance procedures

**Target Audience**

This workshop is aimed at candidates at the middle to senior management level within a State's authority who are also charged with development, approval and /or implementation of quality control duties and are experienced in operational aviation security (AVSEC) matters. It is also suggested, that if any State is in the process of drafting or updating its National AVSEC Quality Control Programme, the individual dedicated to this task should attend the workshop.

NB: The National (AVSEC) Quality Control Programme Workshop is an excellent precursor for preparation and subsequent attendance at the ICAO National (AVSEC) Inspectors Course.

Please be advised that your nominees should be medically fit and should either have medical insurance or medical coverage to meet expenses, if any, towards sickness or a medical emergency during attendance at the above programme. The Auckland ASTC takes no responsibility to meet expenses in this regard.

You are invited to nominate suitable candidates to attend this course on the enclosed nomination form, using one form per candidate.

### Workshop Fees

Participants will be charged an administration fee of **NZ\$780.00** to cover the basic administration costs of the workshop. Please note that airfares, hotel, medical insurance and any other miscellaneous expenses must be met by the participants' organisation.

Please send your completed nomination to the following Auckland ASTC email address:

[aintree.reception@avsec.govt.nz](mailto:aintree.reception@avsec.govt.nz)

Nominations should reach the Auckland ICAO Aviation Security Training Centre by **Friday 11 August 2023**. For administrative reasons, please be advised that the closing date for nominations will be strictly adhered to.

For any further information about the workshop and hotel accommodation options, please email the Auckland ASTC Administration Officer Ms Sharon Simpson:

[aintree.reception@avsec.govt.nz](mailto:aintree.reception@avsec.govt.nz)

Kind Regards

Bronwyn Somers  
Director of Training
